SUMMARY OF INSTRUCTIONS

1. Record in the space provided below, the number and type of classification decisions made by your component during the period Saturday, 17 July through Friday, 23 July 1982. Include classification decisions by field installations in correspondence for which your office is the ACTION office (see first item in the heading of cables and telepouches). Count field correspondence received during that period even though it may have been written before that period.
2. Report classification decisions made in cables, telepouches, dispatches, transmittal manifests, letters, memorandums, reports, publications, and forms. Report only the overall document classification decisions. Count only one decision per document no matter how many copies of the document are made.
